

Physical disability services

NZCare Group Limited
Awahi te tangata

Our services focus on the person and their individual needs and are therefore personalised for the individual. Our aim is to help people live ordinary lives with extraordinary experiences as part of their local community.

Services

Residential services: we have five custom built residential services in Lower Hutt, Porirua, Upper Hutt, Greytown and Feilding which specialise in supporting people with physical and neurological disabilities.

Respite services are available in Auckland, Porirua, Upper Hutt, Greytown and at our specialist service for people with Huntington's disease.

Amaryllis House: this is the first purpose built specialised service in New Zealand to support the needs of people with Huntington's disease.

Supported living: support includes helping people find and set up a flat, help with daily routines and personal hygiene, cooking and cleaning, budgeting, shopping, and accessing work and recreational opportunities.

The NZCare difference

- All services are staffed 24 hours each day.
- All services have 24-hour access to a registered nurse.
- Staff have comprehensive and ongoing training that keeps them up to date with best practice.
